From: [REDACTED] (Music Supervisor)

To: [REDACTED] (Artist)

Hey [REDACTED],

I was able to convince the company to pay the €600 up front, so you should get your money any day now.

Concerning the contract we'll probably have to wait a bit longer. Sorry for that, it's out of my hands unfortunately. I hope that's fine as the money will arrive these days.

Many thanks and all the best,

If there's any issue with the transfer here's the European wire information - all else is the same:

[REDACTED BANK ACCOUNT NUMBER]

Thanks for your understanding and speed with this. I hope we can work on something else.

IBAN Clarification (May 30, 2024)

From: [REDACTED] (Music Supervisor)

To: [REDACTED] (Artist)

Sure, I'm happy we could make it work!!

Could you clarify: payments from within Europe should include the "[XX]" at the beginning of the IBAN. Is that correct? [REDACTED BANK ACCOUNT NUMBER]

They might need a new invoice in that case. Could you send that over?

Contract Follow-up (September 30, 2024)

From: [REDACTED] (Music Supervisor)

To: [REDACTED] (Artist)

Dear [REDACTED],

I hope you are doing well!

Please excuse the long wait – I forgot to reply to your last email. Your new music sounds amazing! Thank you so much for sending it over.

On the current project: Finally, I received the English template and was able to draft our contract. Please find it attached to this email for your review.

Please note that we included currently unknown, i.e. new types of use to the rights granted. Due to a misunderstanding, they were not listed specifically in the scope of rights before. My apologies. Although it's unclear if and when unknown/new types of use could become relevant, we think they might be crucial for our chance to market the show most successfully. Please let me know if you have any questions or concerns.

If everything is fine, I'm happy to send the contract over for signing and you can send me your invoice. Does AdobeSign work for you?

Many thanks and all the best, [REDACTED]
